

Learning difficulties

Inspired Creations is now in its 8th year teaching adults with learning disabilities. We work closely with Resource and Day Centres, local Care Homes & Colleges and currently provide 10 week courses in Caterham, Horley, Bansted, Leatherhead & Redhill.

We offer high quality tuition in well structured lessons. Our professionally trained teachers are there to help develop confidence and fine motor skills, encourage social interaction and independence.

Each course is carefully planned, we focus on achievable individual goals and offer regular reviews.

Within these small classes we promote a relaxed environment, where students can enjoy a social atmosphere and practice new skills in Sugarcraft.

We are working with the National Open College Network to offer qualifications in Sugarcraft.
