

Have-a-go workshops

Have-a-go workshops

If you belong to a club or you are a group of creative friends that fancy doing something different at one of your meetings then why not try a taster workshop.

We will design a 1 1/2 hour workshop just for your group and visit you all at your own venue.

Spice up an AGM, a Christmas Special whatever you choose, you and your friends are sure to have great fun having a go.

If your group would just prefer to watch then we can set up a demonstration evening for you on whatever topic takes your fancy.

Of course everything you make, you get to take home.
